Tulip desk™
school management application

Tulip desk™ is a cloud-based comprehensive **Learning Management System** conceptualized and designed for the new age educational institutions, can be accessed via desktop, tab and has a mobile app as well . It efficiently takes care of the students' need to learn-from-home.

Tulip desk™ combines the best of technologies to provide a digital upgrade to schools, improving the productivity of all the stakeholders- principal, teachers, management staff, administration staff, students and parents.

Mobile App for Student, Teacher & Office Staff.
